Hamburg, 9th. April 2026. The company Juritex Import-Export GmbH currently informs that the above-mentioned items do not meet the requirements of the declared GRS label (Global Recycled Standard) .

The reason for this is that the standard provider of the GRS label stipulates that the traceability of the article must be ensured by means of certificates. Juritex Import-Export GmbH was not able to present these certificates, which is why the GRS certificate is not valid for the above-mentioned items. The product quality remains unaffected.

Should customers nevertheless wish to have the item returned due to the above circumstances, this can be done in all Lidl stores. The purchase price will of course be reimbursed, even without presentation of the receipt.

Juritex Import-Export GmbH apologizes to all concerned for the inconvenience.
